

pick & ship™

A Better Way to Keep your Supplies in Stock

Pick&Ship™ is a subscription program from Hach for supplies like: reagents, maintenance kits, and other items you need on a recurring basis.

► **It's Quick & Easy to Get Started**

1. Choose the chemistries you need on a recurring basis, then add to cart
2. Select your "Shipment Frequency"
3. Click "Pick & Ship Checkout"

► **Benefits of Automated Shipping**

Convenience

Pick&Ship is as simple as it sounds. Select the supplies you need, to be shipped at the frequency you need them, and we'll take care of the rest. No additional ordering or work required on your part!

Savings

When you sign up for Pick&Ship, you lock in your price and protect your budget by planning ahead and never having to pay additional fees like rush charges on shipping.

Peace of Mind

Instrument downtime and unreliable results can be a hassle. Your supplies will be delivered, just as you need them; and because they are delivered from Hach, you can be sure your instruments are accurate and reliable.
